

Dear Customers,

On behalf of us all here at Staeger, we would like to send all our best wishes and offer our support where we can to all of you in this difficult time. Our thoughts are with you all and your families.

We would like to assure you all we are taking every available course of action to ensure that we can continue to supply as per any existing agreed dates. We are protecting all our staff to ensure they stay safe and well and we are following all government guidelines. This is a continually evolving situation, and while we currently are not suffering any reduction in service, some of our supply chain particularly from the continent is beginning to come under pressure due to closures there.

With that in mind and as I am sure we all understand, the potential for this situation to evolve on a daily basis, we would request all customers who will need new production orders over the next 3 months to please give us as much notice as possible to ensure we can ensure everyone receives everything they are going to need on time throughout this period, as I am sure all of us will need to flex our workforce in order to maintain operations over the upcoming months.

In summary, we are still very much **open for business** and will continue as we have always done to ensure all of our customers receive a high-quality product and service. I am sure we all both here at Staeger and within your businesses will all work together and support each other to ensure the best possible results are maintained for as long as this period continues.

If you have any further queries please email us: info@staegerclear.co.uk or call us on: **+44 (0)247 6581197**

We will update all future changes at Staeger exclusively on our twitter <https://twitter.com/StaegerClearCOV?lang=en-gb>

Best wishes and stay healthy
